

# ISABEL AGOSTO

Business Management Major | University of Nevada, Reno

A way I express myself is through the art of tattoos. This is a tattoo of my birth flower with my families birth flowers. It's a daily reminder they are always with me.

## MAJOR & CAREER GOALS

As a business management major, I'm focused on building a career in corporate leadership, operations, or project management. I'm very motivated, by working 3 jobs and holding leadership roles, and I enjoy working in a fast-paced environment where I can grow professionally and eventually move into management. There is a lot of opportunities post-grad that I want to pursue, I would love to move to New York City and head start my career, and come back home to Vegas and start my life.

## TECHNICAL BACKGROUND

I'm very comfortable using computers and picking up new software quickly. I use Excel a lot for my current job, budgeting, and tracking data. I use Canva for marketing and design projects, and Microsoft tools like Word, Outlook, SharePoint, and OneDrive for school and work. My current university job I use a separate data base/cloud base, I adapt and pick up quickly. I took IS 101 and did really good, because of my past technical background, my dad always was tech savvy and taught me at young age.

I'm from Long Island, New York and moved to Las Vegas. I chose UNR because of its highly ranked business program and the opportunities to get involved on campus. In my free time, I love traveling, working out, spending time with friends and family, and creating content for social media. I love all music, I can vibe to just about anything anywhere. I'm currently on an EDM kick and will be going to EDC 2026. My favorite movies are The Notebook, The Housemaid, Marty Supreme and Anyone but You.
